

CONVERSATION IN TEXT (TRANSCRIPT)

Me: Good morning, Ahmed. How are you?

Ahmed: Good morning, Mr Baba. I am fine.

Thank you. And you?

Me: I am fine, too. Thanks.

Me: It's been quite a long time, Ahmed. **What have you been up to?**

Ahmed: Yes, I have been busy recently. I am supervising a construction site away from home. I am in Jijel for a few weeks.

Me: Great! I heard that Jijel is a beautiful city to stay in -especially- in the summer. Would you tell us a little bit about it?

Ahmed: Yes, I loved it here. It is a coastal city in the northeast of the country about 300km far from where I live in Algiers.

Me: How is the weather compared to Algiers?

Ahmed: These days, I don't see any difference. It has almost the same coastal climate as Algiers. But they say that it is colder in the fall and the winter.

Me: How about tourist attractions and landscape ... What is there to talk about?

Ahmed: First of all, Jijel is known for its clean beaches like "Aftis" beach and "the Red Beach".

Me: I know that most people visit Jijel mainly to enjoy its beaches. But other than that, what can people visit in the city?

Ahmed: Yes, you are right. Jijel is mainly known for its amazing coastal line. However, Jijel city is full of landscape and natural attractions like "The Wonderful Caves", "Tablut Dam" in Taksna as well as "The National Park" of Taza and that of Tikjda.

Me: That's great! How about the people there? *How did you like them?*

Ahmed: This is the best part. Almost all the people are friendly and very welcoming. I never encountered an issue with anyone here.

Me: It seems you are enjoying yourself there Ahmed, aren't you?

Ahmed: Yes, sure. Everything is just perfect. Even the city is perfectly safe. I have been here for about a month with no safety concerns.

Me: Just amazing! I am glad you're having a great time there, Ahmed. Thank you so much for this short conversation. I really enjoyed it.

Ahmed: The same here, sir Baba. Thank you so much.

HOMEWORK

Task: Re-read / re-watch the conversation and answer the following questions.

Q01: Where is Ahmed now?

→

Q02: What is he doing there?

→

Q03: Where is the city situated?
