

DESCRIBING AHMED'S FAMILY

Ahmed is Mounir's brother. He is 43 years old. He is happily married to his lovely wife **Imane** with whom he has two kids: A son, named Sohaib and a daughter named Salma.

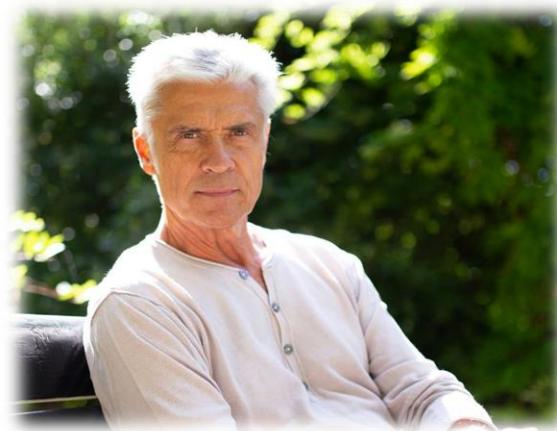

Sohaib is about to turn 17 years old and his sister Salma is already 15 years old. They are both high school students.

Salma is polite, active and very smart. Sohaib is also polite and very sociable, but he is lazy, a little bit selfish and he is not very helpful.

In terms of physical appearance, Salma **takes after** her father, but Sohaib **doesn't**. He actually has the look and the eyes of his mother. They are both slim and tall with brown curly hair and brown eyes.

Ahmed himself doesn't take after his father in terms of physical appearance. His father Anwar is 78 years old, but he has the look of a middle-aged man. He is blond, slim and medium height. He has small blue eyes and - of course- grey hair.

HOME PRACTICE

Task 01: Read the text and answer the following questions.

1. How many children does Ahmed have?
→
 2. How old are they?
→
 3. Do both of them take after him in terms of physical appearance?
→
 4. What do they look like?
→
 5. What are they like?
→
 6. How old is Ahmed's father?
→
 7. Does he look old? (in your opinion)
→
 8. What does he look like?
→

Task 02: Within a short paragraph, describe Mounir in terms of his physical appearance. (Mounir is 175cm; 70kg)

A photograph of a man in a dark suit, white shirt, and red tie, sitting at a desk and reading an open book. He is looking down at the book with his hands resting on it. To his left is a stack of books. The background shows a library or study room with bookshelves.
