

PART 01 / WORK ON THE SCENE

✳ Scene summary:

"The scene starts when the ambulance is about to take Mr. Clark to the hospital, which makes the students very sad. Mr. Clark anticipated that he would not be able to teach his students for a while, so he recorded some lessons in video format and entrusted them to Mr. Turner to show to the students as a temporary solution until he could return. After recovering, Mr. Clark comes back to the school, but when he arrives, he is very upset because of the decline in his students' performance. The students were afraid of the upcoming state test and felt unconfident, so he tried to encourage them, motivate them, and prepare them for the final exam."

OPEN DISCUSSION (OQ)

✳ **Topic of discussion:** During his sickness, Mr Clark found a way to deliver lessons to students through recorded videos. With the availability of the internet nowadays, it has become an acknowledged method of teaching. What do you think of remote (online) teaching!? What are the cons of the pros of online teaching? Can online teaching replace schools in the future permanently in your opinion?

(Students are free to participate and interact to share their own opinions.)

(Students are encouraged to prepare their arguments before the session.)
